

“Keep Magpie Going”

Help us through our temporary closure

The Magpie Centre, based in Wallington, near King's Lynn, is a local charity providing equine-assisted activities and therapeutic riding for children and adults of all ages and abilities.

Following 1 confirmed case of strangles, we have had to temporarily close our doors while following strict veterinary guidance and biosecurity measures.

Although we're closed, our horses still need us every single day. Every week we need to raise £4,200 to cover essential costs, including:

-  Feed & hay
-  Bedding
-  Veterinary care
-  Farrier visits
-  Essential running costs
